

OUTLAW CAMP

# OUTLAW CAMP BULLETIN

July 2010

---

For a muggy day in July, we had a **good turnout** of shooters and a great time! We had guests from out of state. And a couple of first-time shooters, *Nobody* and *Lizzie*. It was a treat for us that Arkansas Drifter had written the stages. We had been out of state for 3 weeks –his stages were fine and it made getting ready for our regular shoot much easier!

*Shook the Stars* shot with a **new alias** “Cat Dancin”. *Moon Dance Kid* has his very first ever clean match! Red was happy to award his clean-match red “jewel”.

Arnetta and *Tombstone Shadow* had the **best kind of lunch** for a summer day; cold cuts with a variety of breads and plenty of “fixins”. We appreciate people bringing desserts.

**Arkansas Lead Slingers** are having a one-day shoot on August the 21<sup>st</sup>. They will be having an RO1 and RO2 course on the 20<sup>th</sup> if there is enough interest. Go to their website for information. They are located in the Bentonville, AR area. There have been some questions about all the “**Final Results**” columns on our scores. The column titles are long so Red has to use abbreviations. The explanations are as follows: The first column is the shooters alias, the second column is the shooters category. Shooters are sorted by category. The third column, (which is the first column under “Final Results”) is the OTF or Overall Time Finish- this is how you finished compared to all shooters in the match using total time as the standard. The next column is the FT or Final Time column which is the total time it took to shoot the match including penalties and misses. The next is the ORF or Overall rank finish, we use overall time here for score but sometimes it is fun to see how you finished using the rank point scoring system. Next is the CT or Category Time finish this is how you finished in your category using Overall Time scoring, the CRF or Category Rank Finish is once again just for information showing how you finished in your category using the Rank Point scoring system. The FR column is the total number of rank points you have for the match (low is better).

Confused yet? The next heading is the Stage Name: Column one is your raw time for that stage, column two is the number of misses for that stage, column three is the number of procedurals for that stage (safety penalties also show up in this column), column 4 is the final time for that stage after any misses or penalties are added, and column five is your overall rank score for that stage. To get all the information we want you to have on one page, sometimes it’s a little crowded. To save space, this time you will notice that the names of shooters are in smaller type size.

From time to time we have shooters who shoot categories that are a little different than standard SASS categories so we usually put them at the bottom with their times but not ranked with the other shooters; this gives them a chance to see how they compared to other shooters.

A little about our trip—We attended the” **Shootout on the Santa Fe Trail**”, hosted by the Old West Shootist Assn, and held at the NRA Whittington Center in Raton, New Mexico. Featuring mostly, 10 inch targets, some circles, some squares, at longer ranges. One stage had 9 buffalo targets ranging from 85 to 125 yards! Red called it an endurance shoot because we shot 32 stages over 4 days; that comes out to eight stages a day with no lunch break. Misses were 10 seconds so the scores were larger than we are used to seeing. In fact, Red skipped three stages and still was second in her category. I was four in my category and 11<sup>th</sup> overall. Since we were already that far from home we went on out to Southeastern Utah for about 10 days with Piney Woods Jim (Red’s cousin) and Miss Em Pinewoods.

We rushed to get the scores out as we are on our way to McKinney, Texas to get one grandson for a week’s visit.

Besides Moon Dance’s clean match , Arkansas Drifter shot a clean match, **clean stage shooters** ( no misses or procedural are as follows: Rossie Pete, TK the Rectifier, 1; Deadeye Dick, Lawman, Boomer Bob, I Reckon, You Bet, Ain’t Dunit, Ben There, Missouri Ruffian, High Card Kay, Sundown Duke, Sidewinder, Missouri Plowboy, 2; Nobody, Wyoming Rattler, Lefty Ed, Sunny Girl, Buster, Short Tree, 3; Wild Big Bill, Mustang Moore, Ozark Red, Ozark Outlaw, 4; Lead Bane, Strongbox Bill, Tombstone Shadow, 5;

The last we heard, **MVV** had a very few openings for *Shootn’ in the Shade* –better get your entries in, if you are interested.

Remember July has five Saturdays so we will be having our **“Fun Fifth Saturday”** shoot on July 31<sup>st</sup>. We hope you can make it! Bring plenty of ammo!!!! Until then just.....

**KEEP ‘EM POINTED DOWNRANGE!**
