OUTLAW CAMP BULLETIN

August 13, 2011

A big **Thank You to Moon Dance Kid and High Card Kay** for taking care of things at the Fun Fifth Saturday shoot July 30. Thanks also to all who helped make their job a little easier. They also did the scores and had them to me the day I got home. I looked them over and noticed that no one had a procedural. I of course thought that it was due to the fantastic job of stage writing I had done. Well it turns out that some of our shooters told Moon Dance that we didn't count procedurals on Fun Shoots. Wrong! That's okay guys everyone got a free ride this time.

We had two clean matches, Lead Bane and Nickel Bill -congratulations! We also want to welcome Nickel Bill ; this was his first shoot here at Outlaw Camp. Looks like he is off to a good start!

At our **regular monthly shoot** in August we started out a little cloudy but the rain stayed south of us and it was a really nice day to shoot. Shooting in two posses we shot four stages before lunch then two more after lunch. It was such a nice day that several stayed around for some visiting and watching Lead Bane do a little trick shooting.

Welcome to new member **Rustler Rob** AKA Robert McGee!

We had no clean matches this time, but we did have **clean stages** .Red River Ralph, 1; Mustang Moore, Boomer Bob, Rustler Rob, Arkansas Harper, High Card Kay, Ozark Red, Arkansas Bell, Moon Dance Kid, Riley Roy, Deacon Adams, 2; Sundown Duke, Leadville Lefty, Dingus Dan, Wind Slinger, 3; Nickel Bill James, Arkansas Drifter, Strongbox Bill, Mo Brian, Ozark Outlaw, Wild Big Bill, 4; Wyoming Rattler, Lead Bane, 5.

We are happy to report that **Wild Big Bill** is doing well following his By-pass surgery. He showed up to shoot but was unable to deal with the shotgun, doctor's orders, so we created a new category in his honor. The new category will be called Wounded Cowboy. In this case he staged a pistol in place of the shotgun and engaged the appropriate number of pistol targets instead. Welcome back! Wild Bill also informed us that his son Trey Cruthis aka (Wild Trey) suffered a fall and received some spinal injuries. He is in UAMS in Little Rock and is expected to undergo surgery on Tuesday. Continue to keep Bill, Cindy, Trey and family in your thoughts and prayers.

Tombstone Shadow is also recovering from his shoulder surgery. I am sure his progress is not fast enough to suit him but Arnetta is making sure he does his therapy at home. Hopefully he will be able to join us on the shooting line soon.

The weather has cooled off a little. I know the rain has been welcome, even if I do have to mow the yard again. At least our black powder shooters can relax a little and not worry about setting the woods on fire.

We are happy that preparations for '**Mayhem on the Mountain**' are going well. We will have our schedule of events finalized soon and make it available to those who are registered. We are planning on a couple of surprise events if we can get the details worked out. You don't want to miss this one! Remember that even though this is the Arkansas State Black Powder Championship match we will also offer all SASS smokeless categories. We don't want to leave anyone out! Registration forms may be downloaded from our website on the calendar page that's www.outlawcamp.com . If you have questions you may contact Moon Dance Kid or High Card Kay at kbr973@yahoo.com or 501-362-7254 or Ozark Red or Ozark Outlaw at oo@outlawcamp.com or 501-362-2963. Also contact us if you would like to sponsor a stage.

We still need workers for side matches; if you would like to help contact High Card Kay.

If you are interested in taking the **RO1 or RO2 classes**, they will be offered here at Outlaw Camp on Thursday October 27. You must pre-register. RO1 will start at 8:00 AM and RO2 will start around 1:00 PM. Call or e-mail Ozark Outlaw as listed above.

September brings an end to our summer **relaxed dress code** so it's back to usual cowboy duds. From what we have learned due to the heat this summer we have decided to be a little lax about dress if the forecast high temperature for Heber Springs on shoot day is above 95 degrees.

As you may or may not know there has been a **rule change** concerning loading too many rounds in a long gun. This has been a 10 second minor safety violation. An explanation has been published in the June issue of the SASS Cowboy Chronicle page 12. A more complete discussion may be found as an attachment with this newsletter.

That is about all I have for now. "Mayhem on the Mountain" will be here before you know it. Please get your entries in! And always..
