

Outlaw Camp Bulletin

February 8, 2020

Fourth Saturday Shoot at Outlaw Camp:

Let me start off by saying that if you weren't there, you missed a great shoot on a beautiful day.

There were 18 shooters who enjoyed the day watching Arkansas Harper shoot 120 second black powder stages. Seems that there was a little problem with the wrong caps for the pistols he was shooting. He plans to do better at the next shoot (maybe).

There was some work done on High Card and the Mercantile, roofs are being installed over the staging tables. Hopefully no more rain on staged long guns.

On a safety note, it was noticed that several righthanded shooters had trouble keeping the barrels of their shotgun pointed down range when moving from right to left. There was even a shooter who pointed the barrels down while moving and barely made the turn before raising the gun. Always move with the barrels up and pointed down range when on the firing line. That is the only surefire safe way to move with a long gun.

Second Saturday shoot

Cowboys and Cowgirls, mark the Eighth of February as the best shooting day of the year. Okay, I know that there have only been a couple of shooting days, but you have to admit that 17 cowboys and girls had a great time at Outlaw Camp. Kudos to Outrider for providing six fun and challenging stages. Congratulations to Jack High Homer for taking top overall (FUPS had some gun issues). We welcomed Stumpman back for his first shoot following surgery, (He also shot a clean match). As his health and stamina improve, you can expect him to move up in the ranks.

On a discord note, we are starting to have parking problems near the pavilion. Expect to see some "No Parking" signs and maybe even a parking Marshal. We need to keep the circular drive past the pavilion open for emergency vehicles. Please consider parking up on the road.

You can look forward to another great shoot on the 22d of Feb and a Fun Fifth Saturday shoot on the 29th.

ARKANSAS HARPER

Thanks, Arkansas Harper for your contribution. Thanks also to you, Arkansas Bell and Cajun Bandit for finishing the covers for the staging tables at the Mercantile and High Card.

Just to reinforce what you said about parking, **we did the circle drive so all would have access to the pavilion but primarily so we could quickly and easily get an emergency vehicle to the range.** It seems that some have decided that they can pull over far enough and park on that road or where the food vendor parks. Please do not! You may park anywhere you like in the woods or in the parking areas. You may drive down, unload your gear and then move to another parking spot if you like. If you have a question about parking, ask!

It seems that not all got the word about shooting painted targets. If after the shoot you feel compelled to shoot a freshly painted target, go right ahead just remember to get the paint, paint it and clean the brush properly!!

We were glad to see Wind Slinger come down for a visit. He is on the mend and we hope to see him back on the firing line soon.

Cherokee Gal is home following surgery and we wish her a speedy recovery.

Pepper Pete is also home following surgery and seems to be doing well.

I know there are probably others who have health problems or their spouse has health problems, we wish them all well.

'Hell on the Border' hosted by Judge Parkers Marshals is coming up March 19-21 so get those entries in! Remember you have two more chances to get in some practice here at Outlaw Camp prior to that event.

My advice would be stay well and remember that nothing bad happens if you just,

"KEEP 'EM POINTED DOWNRANGE"

OZARK OUTLAW
