

Outlaw Camp Bulletin

April 14, 2018

Here we go again! Congratulations to those who managed a clean match on the Second Saturday shoot, Wind Slinger, Wild Big Bill, Stumpman, Hot Shot Cotton and Arkansas Drifter. No clean matches on our Fifth Saturday shoot. Our Fourth Saturday shoot 3-24 had two clean shooters Fired Up Fannie Sue and Tombstone Shadow. Outrider and Chickalah Slim have been doing our stage writing for the Second and Fourth Saturday shoots respectively.

Spring may finally be close. Shoots everywhere! We want to wish all our group headed out to "Land Run" good luck!

Having two or three shoots a month here at Outlaw Camp they all sometimes seem to run together. I guess that's because they are all fun!

With the better weather we have made more progress on range improvements. A big THANKS to Pepper Pete, Stumpman, Cajun Bandit, Red River Ralph and Nichols Creek. If you enjoy being able to take a little rest on the new benches along the firing line and having your brass a little cleaner when delivered to the unloading table, you can thank Cornbread Dan. We have more projects planned and will be announcing more workdays in the future. There are other members who do work behind the scenes that is just as important as construction and we thank them also, it takes everyone to make things go. We would like to get most of our construction projects completed prior to hot summer weather so we can concentrate on finishing touches for "Mayhem on the Mountain", it will be here soon!

Ozark Red is doing better after her accident Saturday morning while we were getting ready for our shoot. She had a blood pressure drop while trying to pour a cup of coffee. In the process of trying to sit down in the floor, (before she fell), she managed to pour the whole carafe of hot coffee in her face. She is sitting here now watching the Country Music Awards with a swollen face and getting ready to change the dressing on her burns. Thanks for the calls and e-mails expressing concern for her welfare. Thanks to those who stepped up to run things at the shoot in our absence.

Spread the word as you travel around, let's make the return of "Mayhem on the Mountain" a memorable shoot. Entry forms may be downloaded on our web-site www.outlawcamp.com just go to the Calendar page.

I talked to Arkansas Harper this afternoon, he is on his way home, he has some good stories about shooting the Nebraska State Championship this last weekend. It takes a real cowboy to shoot in 27 degree weather with wind gusts up to 25 MPH. Congratulations to him for managing a clean match, second in category and in the top twenty overall. He did what a lot of us would like to do.

He left in Jan. and has shot in Arizona, California, Oregon, Washington, North Dakota, South Dakota and Nebraska, maybe more.

Last year due to our 4th Sat. shoot in May conflicting with "Smokin' Guns at Rabbit Ridge" we cancelled it and made it up on our June Fifth Saturday shoot. We can do that again this year or have it as scheduled if someone wants to step up to run it. Please Let Tombstone Shadow or me know if you want to do it!

Look for e-mail notification from Pepper Pete about workdays!

Remember June -August we go on our summer schedule with shooter mtg. 9:00 shoot to follow, relaxed dress code, no lunch, six stages straight through. Bring a snack if you need it. We try to finish up 12:30 or 1:00.

I am winding down, things to do. Again to everyone shooting "Land Run" this weekend, good luck, travel safe, have fun and always.....
