

Outlaw Camp Bulletin

May 11,2015

Outlaw Camp lost a good cowboy Saturday afternoon Bill Bennett, aka Strongbox Bill. Strongbox passed from this life at home following a long illness. Always eager to help fellow shooters and eager to do what he could on workdays. Strongbox always did his share of work on his posse and he will be missed. It was always fun to watch him shoot that lever action shotgun.

We also lost another cowboy that many in Arkansas knew, Chuck Dominy aka Knifemaker. He and his wife Hurricane (yep that's one R) were a fixture at Cowboy Shooting events all over the country and many remember her for the hat's and other ladies clothing she made. You may also know Knifemaker's son Jason Dominy aka Spur Roberts.

Please keep the families of these great cowboys in your prayers.

Saturday's shoot was fun despite the weather, we were all together in the dry so everyone could visit in between turns to shoot. No clean matches today but we had some good raw times! Everyone but me seems to be getting faster.

I am sure that before the end of the year we will have a second Saturday with no rain, we are fortunate that we have the option of shooting out of the barn in case of inclement weather but really!!! We did get in a good workday on Friday prior to the shoot despite the cool damp weather, as usual we had great participation. We didn't get all we wanted completed but we had two day's work planned! The Outlaw Camp Hoosegow only lacks a little paint and the deck between the Mercantile and High Card is well on its way to completion. I feel sure we will be hearing from Pepper Pete about a workday soon.

Several have suggested we try to shoot the Sunday after our second Saturday shoot. Please give us your input! If we continue to do annual awards, only second Saturday scores could count toward that. Would we shoot Sunday AM or Sunday PM, what time? Five stages or six? Who wants to run it?

As cool as it is today its hard to remember that June starts our summer schedule with relaxed dress code and shooter meeting at 9:00 shoot to follow, six stages straight through, no lunch available at the range. Hats and appropriate footwear mandatory.

As you travel around talk up “Mayhem on the Mountain” We are planning a great shoot! Oct. 11-13

It’s not too early to mention “Shootin’ in the Shade”, hosted by the Mountain Valley Vigilantes in Hot Springs, AR July 30 – Aug 1, that’s Labor Day weekend. You may download an entry form on their website.

A lot of big shoots coming up and we have a lot of members planning to travel to those. We will be shooting here May 25th on our regular schedule but no lunch available so bring a snack if you need it. Shoot straight, travel safe and always...
