

Outlaw Camp Bulletin

August 12, 2018

Okay so we didn't get a July newsletter out. That doesn't mean work hasn't been progressing on the range, or that entries haven't been received for "Mayhem on the Mountain". I want to thank everyone who has given time, money, talent or just moral support to our efforts to improve the range and get ready for "Mayhem". The Kitchen is finished, the bathrooms are complete, some new targets are in place. We still have a little painting to do, a little work at the cemetery, and some last minute "stuff" to do but there is light at the tunnel's end.

Well one more shoot on our summer schedule, Our 4th Saturday group, August 25. This will be your last chance to get in a little practice for the Arkansas State Championship coming up on Labor Day weekend. If you have not gotten your entry in for that shoot you need to do so, if you plan to attend.

September takes us back to our regular schedule with proper cowboy dress, gate opens around 8:00 shooter meeting 9:45 SHOOT 10:00. Lunch break after three or four stages with lunch available on the range.

No clean matches this time but we had a good group of shooters. It wasn't too hot, but it was humid and not a breeze at all!

"Mayhem on the Mountain", is just around the corner so try to get your entry in. We have a few entry forms out there with no place to put your e-mail address. Please put your e-mail address somewhere on the form so we can confirm your entry and keep you updated. Also coming up soon will be the "Border Wars" match in Mtn. Home, AR hosted by the White River Gang, entry forms for that match are available on their website.

We all like to have fun, that is why we cowboy shoot! However, some of us are more serious than others. Our loading tables will only accommodate two or three loading at the same time, for that reason, let's all try to cut out the chatter at the loading table. It can be really distracting to the person who is trying to get ready to move to the firing line. Also try to keep the noise down while someone is shooting, I know it's not a golf match and no one is trying to make a birdie putt but yelling while someone is trying to shoot is just bad manners.

Thanks to Taos Lightning for painting the targets after the shoot, I don't think he had any help. There are things to be done before and after the shoot and you can be assured there is something you can do to assist with set-up and cleanup. We are going to post a check list at Madam Orr's of the things to be done before and after the shoot. We encourage all to look at the list, pick something out and **do it** then "check" that it has been done. If we can get everyone to pitch it will only take a few minutes to do. We are fortunate that we don't have to set up and take down targets each shoot.

September has five Saturdays so don't forget our "Fun Fifth" Sep.29.

There are a lot of shoots coming up in the next couple of months and a lot of us will be traveling some so travel safe, shoot fast and straight, have fun and always.....
