

# Outlaw Camp Bulletin

September 9, 2018

Only thirty-three days to “Mayhem on the Mountain”.

You need to get those entries in! We don't want you to miss a minute of the fun!

Despite the weather forecast, Saturday turned out to be a good day to shoot, (aren't they all). Three clean matches, Stumpman, Black-Eyed Jack and Ozark Outlaw.

The Outlaw Camp shooters who attended the Arkansas State championship recently brought home enough wood to have a nice fire this winter. **Congratulations to all and especially to Stumpman who was not only the Overall Arkansas State Champion. He was the overall Match Champion. GOOD JOB!!!**

If you haven't been up to shoot with us for awhile, you need to, you may not recognize the place, and we think you will be pleasantly surprised. Both our Second and Fourth Saturday shooting groups continue to grow and of course our “Fun Fifth” Saturday shoots are always fun

Our good friend and fellow shooter Simon Slick aka Gary Brewer came by to visit and brought some pictures of past good times to share. I tried to talk him into shooting a stage with us, but he declined. I accused him of being afraid to shoot as he might get the bug again. It was sure good to have him here. When I first met Simon Slick he carried his shotgun shells on the “back” of his gun belt and could load that double very fast, it was very stylish. He almost always shot it from the hip and rarely missed. When there was any work to be done he was always front and center. “Outlaw Camp” can thank him for most of the framework materials for our Pavilion. Some of our targets also have his fingerprints on them!

Cowboy Action shooters in Arkansas owe Gary a big debt of gratitude. He was very active in the first SASS club in the state located in Hot Springs, the “Arkansas Cowboy Action Shooters Assn.” or ACASA. (precursor of the Mountain Valley Vigilantes). Gary helped procure materials for the early construction at the MVV range. He was also one of the founders of the second oldest club, the “True Grit Single Action Shooters”, now merged with Outlaw Camp as the Fourth Saturday Outlaws. Over the years he has given his time, energy and money in stage construction, target fabrication and repair and just whatever needed to be done. Gary was the first SASS Regulator in Arkansas and has probably done more for Cowboy Action Shooting in the Arkansas than anyone. Hopefully he won't be a stranger on shoot days. I surely would like to see him load that double again!

If you have a job to do for Mayhem, “git 'er done”. If you need help send up a signal. Work day Thurs. 9-13 keep an eye on the weather for Thurs. Pepper Pete is the man to contact if you have questions about what you need to bring. Our last two workdays were pretty much rained out but we got quite a bit done before and in between showers. There are always things to do at the range but it is looking good. Some minor target repairs are still to be done, a little carpentry, but

mostly clean-up and cosmetic touches. If you can make it bring your leaf blowers, weed eaters, etc. We need to pick up the fallen limbs and burn some trash, just general clean up.

Entries keep coming in, make certain you get yours in!!

Several big shoots are coming up and we have quite a few members who travel. Don't forget to support shoots hosted by our sister clubs right here in Arkansas. The next one will be Arkansas Missouri Border Wars hosted by the White River Gang in Mtn. Home, Arkansas the first Saturday in Oct. Applications may be downloaded from their web-site. There has been a lot of "trash" talked about this shoot and it seems that to date the same questionable accounting firm will be doing the scoring, hopefully they will be watched with more scrutiny his year!

It's late I am "out of here". Travel safe, shoot safe, have fun and.....

**KEEP EM' POINTED DOWNRANGE!**

**OZARK OUTLAW**

Upcoming Events of Interest:

**Thu. Sep. 13 Workday Outlaw Camp**

**Sat. Sep. 22 Shoot "Outlaw Camp" 4<sup>th</sup> Sat. Outlaws shooter mtg. 9:45 shoot 10:00**
