

Outlaw Camp Bulletin March 2009

Spring is finally about here and it looks to be a beautiful one. Time to dust off the lawn mower, etc.

We had a good shoot and the food was outstanding thanks to Arnetta and everyone who brought desserts. There were a couple of shooters who were a little apprehensive about the weather but came out to visit and have lunch. The Gassaway's from up around Dennard came by to watch awhile and look us over; we hope you come back to see us.

I want to remind everyone that we have some annual shoots coming up right away here in Arkansas.

Replacing our ropes for the shotgun knock down targets with cable has turned out great. We should be trouble free for a while.

We had a lot of clean stages shot and only three procedural penalties. Missouri Ruffian, Lead Bane, Wild Big Bill, Mustang Moore, 5 clean stages; 4 clean stages, Arkansas Drifter, Tombstone Shadow; Black Jack Bart, Arkansas Harper, Arkansas Bell, Ozark Red, Riley Roy, Mo Brian, 3 clean ones; Chickalah Slim, Black Jack Rodes, Badd Dawg Cowboy, 2 clean stages; Caney Creek Annie, Short Tree, 1. Ozark Outlaw was the only clean match – he doesn't clean his own range very often!

Well, Red has me out cleaning up fence line so I will close and let her finish up this newsletter. (Red is helping, too! {note from Red} I just can't drive a tractor!)

Till next time.....

KEEP 'EM POINTED DOWNRANGE!
