

Outlaw Camp Bulletin

July 8, 2017

Congratulations first to all those who did well at EOT and especially to the only World Champion from Arkansas this year, our own "Hot Shot Cotton"!

A great crowd out for our July shoot, even though we got started a little late we still finished up about 12:15. The day started out with a little rain but it had all cleared out by 8:30. It is probably a good thing we are on our summer schedule because with the humidity and no breeze, it got "really" hot later in the day. Congratulations to the clean match shooters, Lefty Ed, Ozark Outlaw and Wild Big Bill. Wild Big Bill has not been able to shoot a lot this year, so he started back right! It was good to see his wife Caney Creek Annie on the firing line also. They have had a tough year with losses in the family.

It was brought to my attention that I had failed to post the June newsletter on the website, and they were correct, Thanks Barb! It is now posted and you should take a look!

Well it's summer, it's hot, and it may be for a-while, so remember we do have a relaxed dress code for the summer months. Hats and appropriate footwear are required. We also start a little earlier, 9:00 AM so we can get through before the really hot portion of the day.

"Shootin' in the Shade" the Arkansas State Championship will be here before you know it so get your entries in!

Coming up the first Saturday in October that will be Oct. 7 the Arkansas, Missouri Border Wars will take place in Mountain Home, Arkansas. Hosted by the White River Gang it looks like a fun shoot. It is my understanding that the losers will be awarded pins identifying them as 'Border Trash' so you need to come and help us (Arkansas) whip up on those 'border trash' Missouri folks.

The Fourth Saturday Outlaws cancelled their May shoot because so many were attending the shoot in Byhalia, MS. The decision has been made to count our fifth Saturday shoot, July 29 as the "make up" shoot for that group. It will also be a chance to get in a little practice for SIS. Stages will be written to best help us prepare for that shoot so no flying bobcats, running bison and such.

Thanks again for all the help on our workdays. We will continue those projects as time permits.

Not a lot more so remember to stay cool, stay hydrated, shoot fast, shoot straight and always.....
